Charts, Dashas & Strength

🪐 Birth chart (Kundli)

- Accurate sidereal (Lahiri) positions of all nine planets, ascendant and houses
- North Indian (diamond) and South Indian (fixed sign) styles
- Degrees, sub-planets and nakshatra pada for every planet
- Correct local time to UTC conversion with any country's time offset
- Edit a saved person at any time if birth details were wrong

📊 Varga (divisional) charts

- All divisional charts with a single tap
- View any Varga on the main chart (D1) to compare
- Shown in the chart style you prefer
- Print and share each chart as an image

⏳ Dasha systems

- Parashari Vimshottari: Mahadasha to Antardasha, Pratyantar and Sookshma
- Yogini dasha
- Char (Jaimini) dasha with a timeline view
- Select any period and see the transit of that time

💪 Strength & Ashtakavarga

- Ashtakavarga bindus by sign and planet, with transit ashtakavarga
- Shadbala planetary strength
- Dignity, avasthas and sphutas in Classical Extras
- Upagrahas (Gulika and others)

✨ Doshas, Yogas & Reading

- Manglik, Kaal Sarp and other doshas checked automatically
- Raja, Dhana and other classical yogas listed
- Life reading with plain-language remedies
- Remedies Library: mantra, gem, charity and conduct guidance

🔮 Special charts

- Sarvatobhadra Chakra and Kota Chakra
- Veda and Vipreet Veda
- KP (Krishnamurti) system
- Sudarshan chakra and other classical extras
- NEW Bhrigu Nandi Nadi (BNN) string chart: full cross lines, E/S/W/N directions, tap a direction to bring it to the top

🧭 Prashna & Progressions

- Prashna: horary question chart for the moment of asking
- Secondary progressions and Solar Arc
- Varshphal (yearly chart)
- Event tracker to test life events against dashas

📅 Panchang, Hora & Muhurta

- Daily Panchang: tithi, nakshatra, yoga, karana
- Hora and Lagna tables
- Muhurta Finder for marriage, business, travel and more
- Navatara and Panchang day view

Transits, Consulting & Teaching

🌐 Transit (Gochar)

- Show the transit planets on any chart and step by day or hour
- NEW Time-zone box: type the event in your local time (IST) and the sky is worked out correctly
- NEW Ticking Transit starts with the current date and time automatically
- NEW 🌐 Sky button: planets right now and the same moment as clock time in many places
- Transit Summary: Saturn, Jupiter, Rahu, Ketu, Mars, with the next sign changes

🔎 Planet search

- Find the date a planet reaches any sign and degree
- Historical Planet Search across years, including the ascendant
- Search Planet Position on the chart
- Nakshatra wheel with the transit marked

💍 Match making & family

- Kundli Match Making: Ashta-koota and Mangal check
- Family Compare: several people side by side
- Family master list with search by name
- Duplicate protection on name + date + city + time

🧑‍💼 Consultation Guide

- Child, Business name suggestion, Service or Business
- Study stream for students, Marriage and partner
- Gemstone and lucky things, Foreign travel and settlement, Health focus
- Short, client-ready tips for every topic

🗒️ Client Desk

- Notes and follow-ups for every client
- Today & Alerts: birthdays, dasha changes, transits
- Open list: tap a person to open the chart, or use ✎ Edit to correct details
- Your own branding on every report

📄 Reports & sharing

- Full Kundli report as a PDF with your name, logo and disclaimer
- Download any chart as an image
- Share the chart image or the PDF on WhatsApp
- Print directly from the app

🎓 Teaching tools

- Whiteboard: teach with live charts in class
- Research Lab: search, events and statistics
- Page guide (F1) explains every page
- Demo tour and demo video with voice

💬 Community (optional)

- Class chat, private chat and chart cards with a tag
- Join a class with a code; watch-only codes for guests
- Report and moderation rules, plus Delete my community data
- Listed astrologer / teacher apply option

Your Data, Languages & Plans

🔒 Private & offline

- Everything works without internet
- Client records stay on your phone or computer
- No analytics, no tracking; ads only in the free phone edition
- Clear all data any time from More ▸ My data

💾 Backup & restore

- Backup All Data is free for everyone
- Automatic Backup on the computer
- Restore from Backup and CSV import are Pro features
- Duplicate check on restore and import: no repeats, same name with a different city/time kept as "Name (2)"

🌍 Places & languages

- City search with offline place data; add countries or any place
- Add a Place for villages and towns
- English and Hindi labels
- Text size, chart size and shape settings

📱 Phone app

- Designed for the phone: bottom bar, More screen, big touch targets
- Free edition with ads; Pro (lifetime or yearly) removes ads and unlocks sharing, live transit, restore and more
- Share the app: green WhatsApp button on Home
- Google Play compliant privacy, terms and rules

💻 Windows app

- Full menu bar, keyboard shortcuts and zoom
- Local fonts and files inside the app; works offline
- Backup folder / data folder you choose
- Licence and unlock, with update check

🎯 Why Jatak Setu
